

Lefthand Door Template

If your door opens like the diagram shown, use this template.

If it is opposite, then use the righthanded door template on the other side of this sheet.

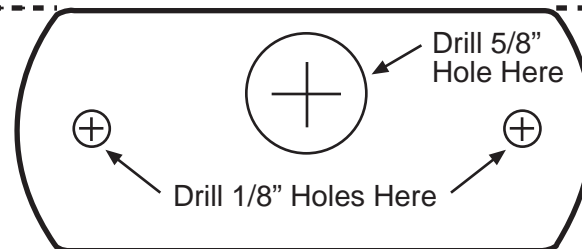

Door and Floor Template

Instructions For Use:

1. Determine if you have a lefthand or righthand door and select appropriate side of template.
2. Fold template on indicated dotted line.
3. Place template against edge of door as shown in above diagram.
4. Tape the template down making sure the folded part of the template is flush with the floor and the left edge of the upper section lines up with the edge of the door.
5. Drill holes where indicated.
